***** Sunday Oct 27th PAPB BBQ was a great success *****

What a perfect day and what fun. Lots of great paintings were done that day. And we had a wonderful BBQ. As Steve Nash, who donated the hamburgers' and hot dogs, would say "It was a home run." Thanks to everyone who helped out and to our cooks Tim & Lester. We will be planning future season kickoff picnics.

******PAPB attended November 9 and 10 Art on the Square.******

Saturday was a washout, but Sunday was nice. It seems we get the most visibility from artists painting on site. So we will rethink the whole tent thing in the future and probably do what we do best – PAINT! Kathryn and Donna would like to thank all the members who volunteered to staff the tent.

******List of CA members that teach art******

I only got a few responses so this is a reminder. If you a CA member artist who teaches, please send the following information to Donna: Name of artist, what medium(s) taught, level of instruction (beginning, experienced, advanced or all), Location including city and school or studio, contact info (email +/or phone) for further information or to register. Note: do NOT just send a link of your teaching, as will not be editing various formats just making a list of teaching artists for 2019-2020.

*****Programs *****

POC

(Paint-out with critique) the regular paint-out with critique program will continue. It is a cornerstone of PAPB. Julia Stevens will be scheduling the Tuesday paintouts in Palm Beach County with critique. The schedule is being worked on.

Broward paint-outs –

Julia will be scheduling some paint-outs only, no critique on Thursdays.

Marketing Paintouts -

Demo of Plein Air Painting Techniques.

Our first demo in this new program was another Home Run. Everyone who attended agreed. Kudos to Manon and thanks to the Lighthouse ArtCenter for hosting us. The board will be looking into planning future demos and hosting locations, but probably not until after PFF

*****Exhibit Update*****
