

# Spring 2019 Exhibitions

March 10 - April 30

## Plein Air Palm Beach: Painting Paradise

Exhibition features original paintings by local and regional artists who paint the land, sea and cityscapes, on location, in beautiful South Florida. Plein air painting is a French phrase meaning “in the open air” and is a popular way of artistically documenting the architecture and landscapes of the region. Works will be for sale and include paintings in oil, acrylic, watercolor and pastel.

## Levis JCC Pottery Guild Annual Exhibition & Sale: Set the Table

Our annual pottery exhibit has a theme that highlights our daily lives. Set the Table will spotlight creations that involve our celebration of eating with tableware for daily and holiday moments. Join us for a feast for your eyes, and maybe your home, on display and many will be for sale.
